PROFESSIONAL EXPERIENCE

Android developer
August 2019 – present

iLOGOS
Kiev, UA

Complete rebuild of a mobile game application on native android from the ground up.

- *The game has 150k active users per day*
- *New code base improved game speed by ~220%*
- *Reduced the APK size from 67 Mb to 22 Mb*
- *Incorporated latest technology stack to future-proof the project*

Android developer
2018 – August 2019

MAXIMUS STUDIO
Odessa, UA

Designed and developed more than 5 mobile apps on Google Play, including «Atlas weekend» official app for international musical festival. Actively contributed to popular open source libraries such as "Android jetpack".

- *7th place in free apps category, third top music app according to google play rating*
- *Modern UI/UX based on «Material design»*
- *Optimized, high-performance code*

New-E
2015-2017

Company Name
Vancouver, CA

Designed and developed an application for organizing and hiring self-employees.

- *Heavily involved in UI/UX planning*
- *Led the effort of the Android client development*
- *Developed the API block for App to Server interaction*
